## Vermont fuel dealers 'Split the Ticket' this winter

**Tue Nov 22 2011**

Thanks to the generosity of Vermont fuel dealers, along with local businesses and organizations, the Ticket program will provide more than 6,000 gallons of free heating fuel this winter.

Vermont's heating fuel dealers are mostly small, family-owned businesses that live in the same communities where they work and know first-hand who is struggling to heat their home. They are often the first to respond in a crisis, especially when the family is unaware or unable to receive government assistance— or simply proud to ask for help from others.

Here's how the Split the Ticket program works: Heating fuel retailers agree to donate a delivery of oil or propane to a neighbor in need. Those pledged gallons will be matched with donations from the community. Please consider helping Split the Ticket with a Vermonter in need this winter. All funds will be used to match donations by Vermont's oil and propane dealers—none are used to administer the program.
