

# VT PROPANE/NATURAL GAS CONTINUING EDUCATION

September 28, 2017 - 8:00 a.m.- 4:30 p.m.

F.W. Webb - 55 Etna Road - Lebanon, NH

VFDA's 8 Hour CETP Seminar fulfills the renewal requirements for Propane & Natural Gas Certification. The seminar includes the required two hours of CO/Venting instruction (VTFP-1)

## This course covers:

- Testing & prevention procedures
- Diagnostics/detection/venting/locations
- Inspection procedures/reliable operation
- Overall description of CO, how it forms, how to prevent, diagnose and educate
- 4 hours applied to NFPA 54
- 4 hours applied to NFPA 58
- The first 2 hours of review cover the 2015 Vermont Fire Code/NFPA 54 and NFPA 58
- Review of NATIONAL FUEL GAS CODE - NFPA 54, 2015 Edition
- Items covered: Chapter 8, 9, 10, Chapter 11 and all of "Annex H" in accordance with the new CO/Venting requirements
- Review of changes to the LPG CODE (NFPA 58) and National Fuel Gas Code (NFPA 54)

---

## THE DETAILS:

- **Cancellation:** VFDA reserves the right to cancel any and all seminars for lack of student registrations. Pre-registered students will be notified of cancellation using the contact information provided on the completed registration form. Firms that prepaid for cancelled seminars will receive a full refund.
- **Tests:** There is no exam at the end of this seminar.
- **Continuing Education Units:** This course was approved for Vermont Propane/Natural Gas Certificate of Fitness renewal, including 2 hours on CO/Venting instruction by the Division of Fire Safety.
- **Books:** You will need NFPA 54 (2015) and NFPA 58 (2014).
- **Certificates:** Suitable for framing, will be sent to all students successfully completing this seminar.
- **Instructor – Ken Taylor:** Ken Taylor has over 35 years of dedicated experience in the propane industry. Ken is a well known consultant for the industry and provides training in CETP, propane emergencies, NFPA #54 and #58 licensing, and legal and insurance company counseling. Ken was Vice President of White Mountain Oil & Propane for 18 years where he was responsible for the management and day to day operations of this 52-person workforce serving the propane and oil industry in New Hampshire and Maine. Prior to that, he was Sr. Vice President for Colonial Gas Company, in Lowell, Massachusetts, the world's largest liquefied gas natural gas truck transportation fleet, where he oversaw the operation of over 60 propane transports throughout the Northeast.
- **Coffee & Lunch:** Coffee will be provided, if available, onsite. Lunch is on your own.
- **What to Bring** Bring a calculator and a copy of both NFPA 54 (2015) and NFPA 58 (2014).
- **Student Cancellation:** All cancellations must be made in writing to VFDA on or before the Registration Deadline. *Firms registering students and failing to attend without written notice to VFDA will be liable for the full amount of tuition. Cancellation by registrant after the registration deadline leaves the registrant liable for 50% of the tuition.*
- **Pre-Register:** Advance registration is required. Registrations must be received by the date(s) noted on the registration form. VFDA does not, in any way, represent that it can accommodate walk-in students. Registrations are processed on a first-come, first-served basis. Paid Registrations are given priority over registrations received without payment.
