

## Carbon Monoxide Review Course

June 29, 2017 - 1:00pm - 3:00pm

VFDA - 963 Paine Turnpike North - Berlin, VT

**The Vermont Fire Code requires anyone with a State of Vermont Oil or Propane Certificate of Fitness to have at least two hours regarding the prevention of CO leakage and the procedure for safety inspection of an existing appliance – NFPA 54 (annex H).**

### Course Outline

- Current code requirements for calculating combustion air needs for Category I appliances
- Overview of Carbon Monoxide and its toxic effects
- Review of fatal CO incidents and what we have learned from them.

*This course provides the 2 hours CO training required by the State of Vermont for the renewal of the propane or oil Certificate of Fitness.*
