

VERMONT FUEL TANK REBATE PROGRAM

Vermont law requires all aboveground fuel oil tanks to be inspected at least once every three years.

This is a requirement for residential and commercial tanks that store heating oil, kerosene and diesel fuel. Fuel dealers are prohibited from filling a tank that is not safe.

More details on Vermont's fuel tank regulations can be found at vermontfuel.com/tank

Need a new tank? If you live in Vermont, you may be eligible for \$250 cash back.

Here is how to qualify for a \$250 Vermont Fuel Tank Rebate

- Confirm that the tank installer/inspector is eligible to do the work. *Not sure? Go to vermontfuel.com/list*
- Purchase and install new tank.
- Complete and sign rebate form below.
- Submit this form, along with a copy of the invoice and inspection checklist provided by the tank installer.

Customer Information & Agreement Rebate Form

I understand that to qualify for the rebate I must be replacing a non-compliant tank and the new tank must be installed and inspected by a certified technician.

Send this form, a copy of the tank installation invoice, and a new installation inspection checklist to:

Vermont Fuel Tank Rebate – 963 Paine Turnpike N. – Berlin, VT 05602

Fax: 802-419-3313

E-mail to: info@vermontfuel.com

TERMS & CONDITIONS: The Vermont Fuel Tank Rebate is for tanks installed in 2018 by customers owning a residence or business in Vermont. The tank must be installed within the state of Vermont. Rebate checks will be distributed directly to the consumer once the rebate form, proof of purchase, and a new installation inspection checklist is received by the Vermont Fuel Tank Rebate Program. *Recipients of a Tank Replacement Grant from the Vermont Dept. of Environmental Conservation are not eligible for the Vermont Fuel Tank Rebate.*

INSTALLATION: A tank qualifying for a rebate must be installed by a Vermont Certified Oilheat Tank Technician. A list of companies that provide this service can be found at vermontfuel.com/list.

INSPECTION: A Vermont Certified Oilheat Tank Inspector must sign a New Installation Inspection Checklist that has been approved by the Vermont Agency of Natural Resources.

PROOF OF PURCHASE: Invoice must include the tank size, manufacturer, purchase date, and vendor.

LIMITATION OF LIABILITY: Performance of installed equipment is not guaranteed expressly or implicitly.

ENDORSEMENT: No particular manufacturers, products, or system designs are endorsed through this program.

PAYMENT: Allow 45 calendar days for delivery of payment. Incomplete or missing information will delay processing of rebate form and payment. All rebate requests must be received by November 1, 2018. The program will close on November 1 or when funds are exhausted. The Tank Rebate Program is subject to change without notice.
