Notables:

- **9/8 Inspector stopped a truck hauling heavy machinery on I89 in South Burlington for an equipment violation. A subsequent inspection revealed a load securement infraction, and the straight truck was over its registered weight. The vehicle was placed out of service and a ticket was issued for the overweight violation.**

- **9/8 Inspector stopped a truck towing a trailer with a large boat on VT Rte 22a in Orwell for a permit check. An inspection was conducted and the CMV was placed out of service for inoperable parking brake, and 2 tires on the trailer rolling on contact with a vehicle part. The vehicle was grounded as the carrier had no oversize permit as required.**

- **9/8 Inspector responded to US Rte 7 in Rutland Town to conduct an inspection on a local fuel delivery truck. The truck had been stopped by a VSP unit in the area after a BOL for a truck leaking fuel in the area. The hose reel on the truck had malfunctioned, and the driver wrapped the delivery hose around the bumper. Contact with the roadway caused the hose to rupture and leak fuel onto the roadway. The truck was placed out of service.**

- **9/9 Inspector conducted a level 1 inspection on a 5-axle tractor trailer at the Fair Haven detail. Several brake violations were discovered, including this cracked brake shoe. The vehicle was placed out of service for 20% of brakes defective.**

- **9/9 Inspector conducted a level 1 inspection on a 5-axle tractor trailer at the Fair Haven detail. The inspection revealed a service air line under the trailer chafed and leaking, as well as a false log. The trailer and driver were placed out of service.**

- **9/9 Inspector stopped a tractor trailer on VT Rte 22a in Benson for operating with double trailers which is not permitted for VT Rte 22a. An inspection was conducted and the CMV in its current configuration was grounded.**

- **9/9 Inspector inspected a tractor trailer hauling an intermodal chassis at the Fair Haven detail. The inspection revealed a severely deflated tire on the truck tractor. The vehicle was placed out of service for repair.**

- **9/9 State Animal Health Inspector located a cattle hauler transporting cattle unregistered and without proper paperwork at the Fair Haven detail.**

- **9/10 Inspector inspected a tractor trailer at the Fair Haven detail. The subsequent inspection revealed the driver was out of service for not having logs on 4 out of 7 previous workdays. Additionally, the vehicle was placed out of service for repair as the glad hand hose was chafed and the reinforcement ply was frayed.**
- **9/10 Inspector stopped a tractor trailer for speeding on VT Rte 22a in Orwell. An inspection was conducted, and the driver was placed out of service for having a false record of duty status. The truck tractor was placed out of service for a flat tire.**

- **9/10 The driver of a CMV transporting used auto parts from Greenfield Center, NY to Rutland presented a Medical Examiner's Certificate during an inspection. The expiration date of the certificate had been altered from the original date recorded on the card to appear to expire in 2021. The medical examiner's office in Queensbury, NY was contacted. The office advised the Medical Examiner recorded the expiration date on the certificate as February 29, 2020. The driver was issued a ticket for operating a CMV with no current medical examiner's certificate.**
