

BROC COMMUNITY ACTION

In Southwestern Vermont

BROC Community Action in Southwestern Vermont, is looking to procure qualified Heating Contractors, to provide services, for our clients, within our Weatherization program in the areas of Rutland and Bennington County. Last year BROC Community Action spent over \$350,000 for these services. We're looking to increase the number of clients that we service, this winter, and into the new year and we're seeking your assistance to provide our clients with a warm, safe and healthy home. We are seeking qualified Heating Contractors to assist us with three distinct services. The three services are: Clean & Tune and Evaluation; Heat System replacements; Emergency Heat System repairs and replacements. Contractors may bid on one, a combination of, or all three services. BROC Community Action encourages small, minority and women-owned businesses to participate in the proposal process. We need qualified Contractors, to provide our clients, with safe and efficient heating systems, so we're excited to have you partner with us to provide these services. The bidding process will be open from November 12 to December 6. If you are interested in bidding, please contact Tharon at BROC Community action at 802.665.1745

Thank you,

BROC Community Action
